LEE PULLMAN / 2009 STAR TREK ENTERPRISE 59991 BORGAIA CONTINENT Original upload to Under the Gun Show was from October 2nd, 2009. I have enjoyed participating in Under the Gun Shows and hope you have too. I will continue to participate as long as it continues to be fun and enjoyable for me. If you see something you would like me to shoot or review please let me know. I don't like to waste any of your time if you don't like what I have done. If you see something you like, please feel free to contact me either through PM or the email address on the profile. Today I have another Elite Commander model, this time the Redshirt OLD Rusted One by Spiro. I like the colors on the ships, and the greys on the troopers looks good, too. The officer figure looks good in this pose, too. The only problem is that when you stand him up in the box he doesn't sit as well as my black Elite OLD and Redshirt figures. Still, this is a good colorway for the Imperials. 1. Spiro A1 - Lost Empire 2977 - 1/72 Redshirt Elite Commanders (unpainted)2. What's new:

Part 8 (DiamondShining) Oh no, this is seriously a dumb post. And I completely spaced this topic, oops... Welcome to my fourth story. As you all may recall, I simply couldn't wait to make my MC lose his virginity, so I decided to kick up the plot a bit by having the faction sent a little space squad that got ambushed which resulted in a battle that lasted for weeks. But nevertheless, here is the finale to that story, and, as you all could guess, each chapter is set up with a title, and there may or may not be a foreshadowing here (not that I give enough time to think about that, actually). So, let's begin. CHAPTER 12: NORM FAG Long minutes passed by as the boys of the garrison started to recover from their various injuries, as Corinne took in the sight of victory that she had achieved, despite that they did not know of any other way to go out of here but to rot their lives away. "How much longer will it take for our wounds to heal?" Mary asked. Her ass was bruised and bloody from being kicked by the men under Sariel's command. Due to the darkness that covered Sariel's men, she and the rest of the guards could not see that they were stepping on small animals. This was the same kind of weird incidents, but this time on a much bigger scale, that made her wonder what took place in this chapter. Sariel turned to the boys, just in case they could see this or not. He expected that they shouldn't be able to, given the amount of debris that surrounded them. "I do not know," said Sariel. The other guards all leaned back and down on their heels, afraid of what Sariel might do to them, in case he found out that they created the entire mess. "What did I tell you, you're taking too much of this exterior life you have," said Sariel, as if he was talking to his dead twin. But his twin, Lyle, was sitting right next to him, listening to him with a raised brow. "Anyway, how long will it take for our wounds to heal?" Corinne asked, now feeling like she was irritated. She wanted to be with Sae, who returned her love for him, instead of being beside the guys who angered her. She'd even

Don't be afraid to kill a zombie. The worst thing you can do is run or hide. Nothing good comes out of that. The first person shooter has been remastered to work in VR and is able to be played as a VR Source. Expand to explore the island and find secrets. Use the world to your advantage. Use a weapon to defeat your enemies. There is a repair tool to repair your gun. Add more ammo to your weapons. Collect tools for cutting trees. Use camouflage to avoid being detected. Buy a power-up to boost your game. Equip your armor to win this game. The island is beautiful and you will not get bored. If you have any questions, I would like to hear them! If you are enjoying the game, I would love to see you write something and let me know how you are doing. Thank you for your donation! Avant-garde horror game with atmosphere, chilling atmosphere.Game plays on one of the most forsaken places in the world. Hope, the protagonist, along with her friend Queen, have been kidnapped by the mysterious cult. But they must survive the three days of the ritual they have to endure. This is a rare opportunity for you to participate in a controversial but compelling new genre of horror - the "goat porn" genre. You play as the protagonist, who happens to be a goat. The goats, however, are not mere accidental collateral damage. In fact, they are being used to harvest hormones from the blood and skin of other helpless creatures, including humans, for the sake of increasingly advanced re-animation technologies. You must overcome a series of increasingly challenging obstacles in order to survive to the end of your three days. You can be a part of Goat Porn Horror in 3 ways: Wipe every other goat to their doom. Funny goat porn adventure: Use your goat's eye, and ability to always make it to the sweet spots on any sexual experience, to make all the goats in the area hate you and follow you to your destination. Part of real-life psychedelic horror: Play Goat Porn Horror, and gradually begin to hear the creepy, whispering language of the goats. Support the developer in their minimal Facebook page: game will be remastered for a faster and better development experience
