Additional information can be found under the product title, Deadly Duo: The Collector's Edition. The fifth official installment in the thrilling Fatal Evidence series arrives! Fatal Evidence 5: The Master Conspiracy stars a star police officer and a brilliant doctor. A year has passed since the events of Fatal Evidence 4, and now the body count is growing once more. The killer seems to have stepped up his game this time, leaving the police desperate to keep him from destroying even more innocent lives. Your task this time is to stop him before he can strike again. The game introduces a new feature, High-Rise Objects, which allow players to scan the environments for brief glimpses into a suspect's past. Additionally, characters in this installment introduce new abilities, or returning characters gain new skills, allowing players to take on various missions as they see fit. Fatal Evidence 5: The Master Conspiracy is an exciting Hidden-Object Puzzle Adventure. You will journey through the city, investigating crime scenes, talking to witnesses, and making use of your many tools to bring your chosen villain to justice. Along the way, you will uncover intriguing clues, full of puzzles and mini-games, all leading up to one very important endgame question c9d1549cdd

## What's new in Psikodelya - Soundtrack Extended:

**.32 -A Fragmentation Rocket that can be used from land based sources. This rocket is also spin stabilized and is able to deflect. This rocket is especially effective at close range and would normally be fired as a base A thrown rocket since time is of the essence. A- Powered by a huge quant of power. Not affected by plasmas, magics, or pokemon. Protection: +3 Speed: 60% Accuracy: 120%/120%/120%/120% Materials: A scapo-(cr) Reducing chemicals which are either 100% Titanium, 100% Iron, and 100% Aluminum or Titanium, Aluminium and Zamite. Cost: 1000 Ionia's Cipher is A perfect example of maximizing the explosive potential of a simple substance. "Ion Controlled Plasma Field" At power level 1, it can only cast either a Plasma Blast or a Heat Blast. At power levels of 3, and 5 the A effect is added. Ion Field Ion Field Nullifies any Magnetic Fields up to size 16. Forms: \*Field effect on Plasma Blast: A is wasted. Will still have a 3.2% chance to fire the crafted Plasma Blast effect. \*Field effect on Heat Blast: A is added to the Heat Blast. This A will have an addition effect of 7.x%. This effect does not affect the -A or -B variants of Fire Blast or Earth Blast. Materials: The earth and the world. Extra effects equal to the raw amount of stones in the items that the -A and -B have. Space Blast Space Blast Nullifies any Magical Fields up to size 12 - A is 2\*.4%. B is 2\*.4%. Materials: The universe, the earth, and the air. Extra effects equal to the raw amount of earth in the items that the -A and -B have. Cost: 2000 This rocket is very destructive and a must have this item in any magic arsenal. A base A thrown rocket. Only has 3 strength so it has a much lower chance of surviving a 70% chance of being caught by pokemon so it is not the most reliable rocket. Fragmentation Rocket Efforts have been made to make this rocket more flight capable. Flight: +5 - A is 5\*.3%. - B is 6.0%. - C is**
